

Paraffin Wax L03

Unbleached light paraffin wax. Semi-refined solid paraffin wax supplied without colour finishing, for applications where colour is not critical.

Typical Properties

Property	Specification	Test Method
Oil Content	1 - 3 %wt	ASTM D-721
Melting Point	58 °C typical	ASTM D-87
Kinematic Viscosity @ 100 °C	4 cSt	ASTM D-445
Colour	1.0	ASTM D-1500

Typical Applications

Candle manufacturing (economy and outdoor grades), wax blends, wax emulsions for MDF / particleboard and chipboard, paper and packaging coatings, matches, firelighters, rubber processing and general industrial applications.

Packing

1000 kg IBC tanks.

Storage & Handling

Store in tightly closed original containers in a dry, ventilated area away from direct sunlight and heat sources. Shelf life: 36 months from production date.

Application suggestions are indicative; final suitability for a specific process or product is to be validated by the customer. This product is not certified for food, cosmetic or pharmaceutical use unless separately documented. The values above are guaranteed specification limits. A batch Certificate of Analysis with measured results accompanies every shipment. Independent pre-shipment inspection (e.g. SGS) is available on request.
